

12-Tier Vertical Sloping Displays

£141.00 (ea + VAT/ex.works)

Product Code: SR12-600x400-REG

This 12-tier display is perfect for showcasing a tile, stone or flooring collection in an organised fashion.

At 1950mm high x 690mm wide x 560mm deep, this design allows your tile/stone display to rest at a 45-degree angle - giving it an elegant, staggered effect.

Being a welded display, there is absolutely no assembly required, ensuring hassle-free installation.

The display has an in-built channel at the top, allowing for an optional POS header card.

It is designed to hold tile and stone up to 30mm thick x 600mm wide x 400mm deep.
