

12-Panel Rotary Tower Displays

£390.00 (ea + VAT/ex.works)

Product Code: RT12V-REG/MPL (MAPLE)

Product Code: RT12V-REG/BCH (BEECH)

Vision rotary tower displays are an ideal way of showing a wide selection of tiles in a small floor area.

The panels are all double sided and have a clear tiling area of 420mm x 420mm x 12.5mm deep.

The frames are supplied as pre-welded units and the tile panels simply lift on and off the display as required.

The 12 panel towers are available from stock with either a beech or maple finish trim.
